

SWISS **EXPO**
LOGISTICS

We are at home on trade shows.

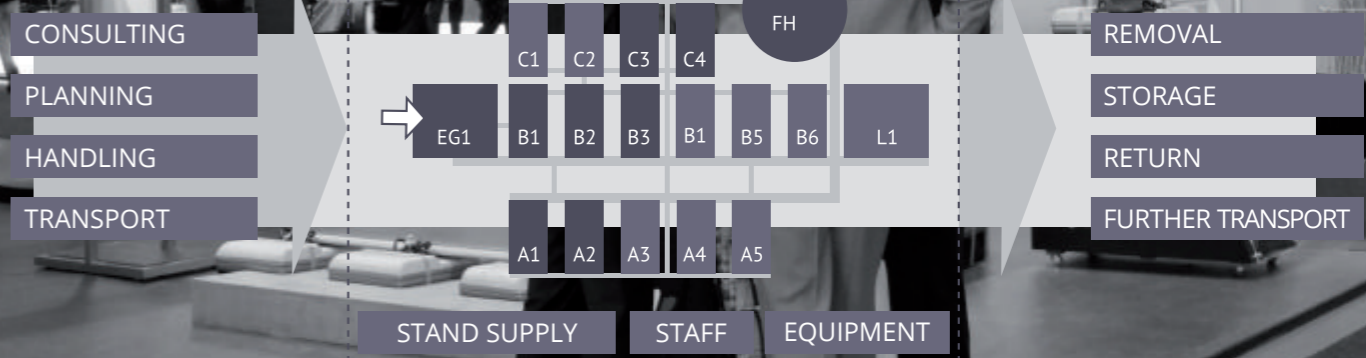

We take care of all your interests in association with your trade fair appearance. Starting at the planning stage until the final phase we handle all organisational,

bureaucratical and logistical issues so you can have a clear head for a stress-free and strong performance.

"Wherever you want to seek new markets, we can help you and turn your individual transport requirements into efficient trade show logistics. A complete consulting service and handling of all import and export customs matters are part of the full package. Our full service competence let you keep your focus on your business – we set the stage you just need to take it. We are looking forward to working with you!"

Alexandra Erdmann, CEO

ONE-STOP GLOBAL TRADE FAIR LOGISTICS

We see ourselves as a fullservice provider in the area of tradefairs and events. Many years of experience of the Management team, the profound expertise of the SWISS EXPO LOGISTICS teams and an ideal international network of partners worldwide enable us to offer you excellent services.

We develop your transportation concept during the preparation phase of your trade fair appearance, guarantee the on time delivery of your exhibits at the stand as well as coordinate the on-site logistical process. Before the trade show is after the trade show – if requested we arrange the return transport to your factory, the delivery to another trade fair or the shipping to a customer.

We take care of what WE know best, so you have a clear head to do what YOU know best. We are your partners, experienced on national and international trade show market.

TRADE FAIR LOGISTICS

AIR FREIGHT

LAND TRANSPORT

SEA FREIGHT

Intermodal or land transportation is always a part of our offers. Whether pick-up, main run or last mile, we not only show the way but accompany your goods to its final destination.

Especially heavy cargo and oversized bulky freight over long distances are more efficiently transported by sea. We enable high quality handling of your container shipments.

We take care of what WE know best, so you have a clear head to do what YOU know best.

Our team consists of employees that bring many years of hands-on experience and valuable competences in the trade fair, event and exhibition field. These sophisticated members of the team complement each other very well and are always up-to-date in terms of latest sector developments. Of course, trainings in all fields on a regular basis are taken for granted.

Beyond borders ...

Language barriers and time zones do not play any role in the working field of a global teamplayer. We support you, if needed in different languages around the clock.

ONE-STOP SERVICE

TRANSPORT

Our service concept is based on two foundation pillars: „Transportation without borders“ and „Quality through reliability“.

CUSTOM CLEARANCE

We offer you an extensive and internationally valid customs clearance service.

TRANSPORT INSURANCE

One can not predict each event. But one can be prepared for eventually cases.

PACKAGING

We not only include the inner values.

STAFF

Our team – always on your side.

STAND ATTENDANCE

We organise and implement everything that a perfect trade fair appearance needs.

SWISS EXPO LOGISTICS has yet again been honoured with the prestigious „Best Export Agent“ award by the IELA.

We are proud of everything we have achieved and grateful to our customers and the IELA!
